THE TACK ROOM

SERVED IN THE TACK ROOM

The Tack Room is an intimate space that offers privacy, allowing guests to connect and interact in a relaxed environment. Surrounded by gardens and wildlife, the Tack Room offers a tranquil and peaceful atmosphere that can enhance relaxation and provide a refreshing change of scenery, the perfect backdrop for a calm Afternoon Tea.

This room is the ideal setting for an intimate gathering, allowing for bonding and meaningful conversations to take place, away from the distractions of a larger venue. The combination of its restored charm, natural surroundings, and intimate atmosphere sets the stage for a special and memorable occasion.

*"A truly magnificent offering of finger sandwiches and homemade cakes, this was a special occasion for us and the afternoon tea at Mount Congreve only enhanced the day" - Shirley
Sept 2023*
